

Speed Soccer Camp Philosophy

Speed Soccer Academy is proud to present a different type of camp for the soccer enthusiast. Speed Soccer Camps will not only improve speed and strength but sharpen the mind for the game of soccer. We use the most recent up to date sports based research to afford High School and College level soccer players the ability to adapt into a number of tactical strategies and formations.

With a strong emphasis on team and individual enhancement we not only consistently develop players with high skill levels; but more importantly, intelligent players that can fit into the most dynamic team systems. Our small but highly qualified staff are led on the Soccer Skills front by Coach Mark S. Torrie BS Exercise and Movement Science. Mark played and coached soccer within the Youth Academies of his native homeland Scotland. After moving stateside Mark became involved coaching high level soccer in NY and NJ. A graduate of Dundee College and William Paterson University; Mark is now an elementary and middle school physical education teacher and soccer coach.

On the Strength & Conditioning front our team is led by Coach Joe Riggio MS CSCS. Coach Joe is owner and head of Strength & Conditioning at Varsity House. For the past 6 years he has been a professor/research scientist at Montclair State University. Coach Joe holds a Master of Science degree in Human Physiology and has been a performance enhancement coach for over a decade. Coach Joe has worked with 100's of high school and college athletes logging over 15,000 training hours in his time as a Strength & Conditioning coach. Many of his clients have gone on to earn scholarships, and play at some of the countries top universities. We look forward to helping you reach your best athletic potential.
